## The Chardonnay Programme

Like fashion, chardonnay has had a wild ride through the decades. From the big and bold to the lean and fresh, it went from household name to nearly being cancelled in the 90s, but the tide has finally shifted on Australia's most widely planted white wine variety.

It's time to set aside your preconceived ideas and reacquaint yourself with chardonnay. You might find a style that's just right for you.

The chameleon of wines, chardonnay's ability to take on different styles means it can be oaked or unoaked, full-bodied or light and zesty. This adaptability makes it the perfect all-year-rounder.

## Grower Champagne

Champagne is the world's most famous sparkling wine. Hailing from the Champagne regions of France, its biggest names are among the biggest names in wine: Moët, Dom Perignon, Veuve Clicquot, Cristal. But there's another side to Champagne: a universe of small-scale producers preserving ancient family farming traditions and bottling wines you've never heard of.

These are the Grower Champagnes.

Grower Champagne is Champagne made by the farmer who grows the grapes that go into the bottle.

- Jean Michel Carte Blanche Brut NV Champagne, France** 200
- Crafted from a blend of 50% Meunier, 40% Chardonnay, and 10% Pinot Noir, complemented by 50% reserve wines, this champagne presents a captivating bright yellow color with a subtle golden hue. Its aromatic profile is a delightful medley of fresh fruits, including apple, Mirabelle plum, and lemon, accompanied by nuanced notes of cut hay. The palate is a harmonious interplay of joyous brightness and lush vivacity, revealing a delightful fruit pastille and concluding with an enduring finish.
- Jean Michel Cep Extra NV Champagne, France** 210
- Blending Meunier, Chardonnay, and Pinot Noir in equal parts, this wine undergoes sulphite-free fermentation and bottling. It showcases a golden color with straw reflections and a pure white foam. Aromatically mature, it exudes candied fruit notes like quince or candied orange, complemented by a pronounced hint of honey. The palate offers a delightful freshness and good length, featuring candied lemon notes and a subtle grilled touch that punctuates the finish.
- 2018 Elemart Robion Les Monets Extra Brut Millesime Champagne, France** 240
- An exquisite Pinot Meunier based Champagne from a small organic grower in the Ardre Valley. Les Monets is a small parcel of old vine Meunier - kept on the lees for three years, and bottles with ~2 grams of dosage. The Meunier makes this Champagne floral and spicy, with tons of fruit, but the low dosage keeps it very dry and racy. An ideal aperitif-style champagne.
- 2018 Elemart Robion 60/40 Extra Brut Champagne, France** 260
- The 60/40 champagne captivates with its luminous and fluid pale yellow color, enhanced by deep yellow highlights in the glass. Upon the initial scent, delicate fragrances of acacia, strawberry, and pineapple emerge, while aeration brings forth additional notes of fresh hazelnut, peeled hazelnut, white peach, fresh pear, and fresh butter. Transitioning to the palate, this champagne unfolds a pulpy fruity essence complemented by a lively interplay of lemony and orange acidity. The mid-palate experience is harmonized by a limestone minerality, accompanied by a subtle saltiness and hints of iodine aroma.
- Robert Barbichon Blanc de Blanc NV (Biodynamic Grower) Côte Des Bar Champagne, France** 240
- Champagne Robert Barbichon encapsulates four generations of dedication in the Côte des Bar, tending to 9 hectares of vines with unwavering commitment to biodynamic practices. Certified by Demeter in 2012 for biodynamics and holding Ecocert & AB certifications for organics, their champagne, matured for 36 months with 80% Chardonnay and 20% Pinot Blanc, unfolds with floral notes of magnolia, citrus fruits, and pears. Fragrant and lively, it dances with appealing flavors of mint and lime, a medley of white fruits, fine perlage, and well-balanced acidity, embodying the brilliance of artisanal craftsmanship.
- Robert Barbichon Brut Reserve 4 Cepages NV Côte Des Bar Champagne, France** 260
- Champagne Robert Barbichon, a culmination of four generations in the Côte des Bar, tends to 9 hectares of vines with unwavering dedication to biodynamic practices. Certified by Demeter in 2012 for biodynamics and holding Ecocert & AB certifications for organics, their 4 Cépages is a unique offering, blending all four varietals from their estate. Typically, Pinot Noir dominant, aged for 30 months on lees, it enchants with an elegant nose of peaches and almonds, delivering a fresh, linear profile with impeccable balance.
- Robert Barbichon Brut Blanc de Noir NV Côte Des Bar Champagne, France** 240
- In the glass, the Blanc de Noirs from Robert Barbichon shows a fine bouquet of ripe fruits such as pear and grapefruit. On the palate nice and soft and round. Barbichon champagnes are simply something special. Mineral and yet very elegant, you will be enchanted by each bottle again and again and encouraged to drink another.

## Champagne

Champagne's flavor, aroma, and experience on the palate is affected by the three grapes used in making it: Chardonnay, Pinot Noir, and Pinot Meunier. Chardonnay is generally the main grape used in blending Champagne (and nearly all Champagne is a blend), but some versions use only the black grapes.

### Pommery Brut Apanage NV Champagne, France 160

The fine buttery almost pastry-based aromas are quickly joined by a bouquet of forest flowers and notes of candied citrus and blood orange.

### Moët & Chandon Impérial NV Champagne, France 170

A sparkling bouquet: The vibrant intensity of green apple and citrus fruit, The freshness of mineral nuances and white flowers, The elegance of blond notes (brioche, cereal, fresh nuts)

### Champagne Louis Roederer Collection NV Reims, France 190

The bouquet is open and rich yet also wonderfully fresh. It offers an explosion of ripe, delicate fruit with intense notes of yellow fruit (mirabelle plum) from the Pinot noir complemented by sweet citrus fruits (lemon meringue pie) and delicate notes of white flowers (jasmine) from the Chardonnay. The nose opens up to reveal autolytic characters and evolves towards smoky, roasted notes and freshly baked pastries.

### Champagne Taittinger Prestige NV Champagne, France 145

The brilliant body is golden yellow in colour. The bubbles are fine, while the foam is discreet yet lingering. The nose, very open and expressive, delivers aromas of fruit and brioche. It also gives off the fragrance of peach, white flowers (hawthorn, acacia) and vanilla pod.

### Champagne Taittinger Prestige Rosé NV Champagne, France 195

Aromas of red fruits, freshly crushed wild raspberry, cherry, blackcurrant. The palate can be summed up in four words: lively, fruity, fresh and elegant, as only a rosé blend can be.

### 2014 Champagne Taittinger Brut Millésimé Champagne, France 290

The nose of this 2014 vintage expresses beautiful complexity. There are floral aromas of hawthorn and pleasant notes of pear, kumquat, verbena, gingerbread and white flowers, underpinned by a subtle minty note. On the palate, it releases superb energy; a fresh and dynamic attack with floral tones such as honeysuckle combined with delightful notes of peach and citrus fruits. The finish is subtle with lovely long-lasting aromas on top of pleasingly bitter orange peel.

### 2014 Champagne Louis Roederer Cristal Brut Reims, France 820

Fruity palate with a silky texture, complemented by soft bubbles that are perfectly integrated and deliciously elegant. The purity and perfection of the ripe yellow fruit melt into the intense chalky freshness, typical of Cristal, that is both powdery and saline. Dense, juicy, concentrated and long on the mid-palate, thanks to the spicy and sappy structure resulting from partial ageing in large oak vats (foudres).

### Ruinart Blanc de Blancs Brut NV Reims, France 280

The first nose reveals intense aromas of fresh fruit: ripe lemon, juicy pear, or freshly picked peach. The secondary aromas are more floral with hints of white flowers, accompanied by a spicy touch combining ginger and pink peppercorns. Balancing tension with roundness, the enveloping structure is highlighted by fresh aromas of ripe citrus and tropical fruit. With a long and delicate finale.

### Ruinart Rose NV Reims, France 280

First impressions reveal intense aromas of tropical fruit such as pomegranate, lychee and guava, complemented by floral essences of damask rose and freshly picked red berries. Secondary aromas include hints of warm spices such as tonka bean and nutmeg. The elegant finish provides notes of peppermint and pink grapefruit.

### 2013 Dom Perignon Epernay Champagne 495

Dom Perignon is the most recognisable Champagne worldwide.

Each vintage is a creation, singular and unique, that expresses both the character of the year, & the character of Dom Perignon. Rich, complex concentrated stone fruits, fresh croissants & a lingering oyster shell finish.

## Sparkling wine

Sparkling wine might just be the most technical of all wines in the world—even if it is so easy to drink! The reason most sparkling wine is so complex is because of the need for two fermentations; one to make wine and the other to make bubbles. Since sparkling wines were first introduced (starting in the mid 1500's), several processes have been developed and each result in a unique sub-style of sparkling wine.

- Wild Nature Prosecco DOC NV Veneto, Italia** 70  
Fruity and fragrant Prosecco with hints of golden apple and white flower.
- Handpicked Collection Tasmanian NV Tamar Valley, Tasmania** 92  
Led by Pinot Noir, this has a complex nose of salted peach, juniper berries, spiced apple and lemon curd.

The result is a fresh, vibrant finish with hints of apple sorbet, lemon zest, sourdough and nougat.
- Quartz Reef - Methode Traditionelle Sparkling Wine Central Otago, New Zealand** 95  
Pale yellow with a bouquet of green apple and hints of lime and brioche. On the palate, this is flirtatious and moreish.
- Clover Hill Tasmanian Cuvée NV Pipers River Tasmania** 80  
Honeyed lemon and undertones of strawberry fill the palate which is driven by the natural crisp acidity typical Chardonnay dominant blend.
- Christoph Hoch Kalkspitz Pet-Nat Blanc Gruner Veltliner Kremstal, Austria** 110  
It offers flavors of lime, green apple, buckthorn, and grapefruit on the palate.
- House of Arras Brut Elite NV, Tasmania** 125

## Sauvignon Blanc & Semillon Blends

A popular and unmistakable white wine that's loved for its "green" herbal flavors and racy acidity. Sauvignon Blanc grows nearly everywhere and thus, offers a variety of styles ranging from lean to bountiful.

Originating from Bordeaux, Sémillon now thrives worldwide, showcasing a dynamic spectrum of styles. Its signature taste offers zesty citrus, honey, and a hint of nuts. Whether it's the backbone of luxuriously sweet Sauternes or standing alone in crisp, dry whites, Sémillon effortlessly reveals its versatility and global charm.

## Pinot Gris & Grigio

You probably already knew that Pinot Gris and Pinot Grigio are the same wine.

What's surprising is that this grayish-purple grape is also a mutation of Pinot Noir.

Pinot Gris is famous for its refreshing citrus flavor and zesty acidity.

The primary fruit flavors in Pinot Grigio are lime, lemon, pear, white nectarine and apple. Depending on where the grapes are grown, Pinot Grigio can take on faint honeyed notes, floral aromas like honeysuckle, and a saline-like minerality.

Is there a difference between Pinot Grigio and Pinot Gris? No, not technically speaking. They are the same.

**2023 Keith Tulloch 'Perdiem Pario' Pinot Gris Hunter Valley, New South Australia** 65

Nutty spice and the waxy textures of macadamia and barley carry through on the palate with the fruit flavours of white peach, pear and lime zest.

**2021 Domaine de L'envol Pinot Gris Alsace, France** 88

The palate offers a harmonious blend of flavors juicy nectarines, subtle baking spice, and sweet almond notes.

**2022 Gorgo Pinot Grigio delle Venezie Veneto, Italia** 68

**2023 The Pawn El Desperado Pinot Grigio Adelaide Hills, South Australia** 64

This wine shows aromas of melons and pears with a subtle hint of tropical and citrus fruits.

## Riesling

Tasting Riesling starts with intense aromas that rise from the glass (even when the wine is ice cold). This aromatic wine offers primary fruit aromas of orchard fruits like nectarine, apricot, honey-crisp apple, and pear. Besides fruit, you'll often smell things like honeycomb, jasmine, or lime peel. On the palate, Riesling has high acidity, similar to the levels in lemonade.

**2020 Gustavshof Riesling Feinherb Rheinhessen, Germany** 75

Whether you smell it or taste it, you are met by a basket of fruits containing anything from apple to peach to pineapple.

## Rose wine

Pink wine happily spans the colorspace between red and white wine, in a way, rosé is more like a state of mind.

Rosé happens when the skins of red grapes touch wine for only a short time. Where some red wines ferment for weeks at a time on red grape skins, rosé wines are stained red for just a few hours.

The winemaker has complete control over the color of the wine, and removes the red grape skins (the source of the red pigment) when the wine reaches the perfect color.

As you can imagine, nearly any red wine grape (from Cabernet Sauvignon to Syrah) can be used to make rosé wine,

## Pinot Noir

Pinot Noir is the name of a grape, and the single-varietal wine produced from that grape. The name comes from the French words for “pine” and “black,” a reference to the pine-cone shape of its clusters on the vine and the color of the grapes.

At first glance, most Pinot Noir wines are pale to medium in color due to their thin skins. Pinot Noir has a unique profile dominated by aroma compounds known as esters. These give it a complex array of flavors, from ripe cherry and raspberry to intriguing undertones of forest floor, tea leaves, and sometimes even clove.

## Burgundy or Bourgogne

What to expect: When tasting Burgundian Pinot Noir, you may note its more earthy and floral style. This is part of Burgundy's terroir.

The world's most coveted Pinot Noir vines grow on a narrow, east-facing slope just South of Dijon. Burgundy is a very old wine region and was first tended by Cistercian monks in the Middle Ages.

Did you know? Bourgogne is the only wine region in France whose name is translated into different languages: "Burgundy" in English, "Burgund" in German, "Borgogna" in Italian, to name but a few.

## Shiraz & Syrah

Are Syrah and Shiraz the same grape?

In a word - yes.

Syrah and Shiraz are actually just two different names for the same grape variety.

In Australia, this red grape variety is called Shiraz, and that's the term we Aussies are most familiar with.

Syrah is originally a French word, but also in the rest of the world, this variety is called Syrah.

## Merlot

Merlot can be a bit of a chameleon; ranging from fruity, smooth and easy-going to age-worthy, full-bodied, and sophisticated. Often mistaken for its blending partner, Cabernet Sauvignon, Merlot is not one to be underestimated.

## Tempranillo

Spanish Tempranillo delivers contrasting flavors of leather and cherries. The finer the wine, the more balance there is between earth and fruit. The finish is typically smooth and lingers with the taste of tannin on both sides of your mouth. Tempranillo wines from New World regions, including Argentina, Mexico, and the United States, generally offer more fruit flavors like cherry and tomato-sauce, followed by chunky tannins and less earthy notes.

- 2023 Nick O' Leary Tempranillo **Canberra District, New South Australia** 75

## Sangiovese

It might surprise you to know that Sangiovese is actually quite scarce outside of Italy. In terms of world plantings, Sangiovese is less abundant than even little-known Mourvedre.

The Sangiovese grape is a bit of a chameleon; easily altering its genetics to fit the environment. There are many different mutations of the variety all over Italy, which results in very different tasting wines.
